STATE SEALERS TO ORGANIZE

H. J. Danfield, city sealer of weights and measures, has returned from Madison where he attended a conference of Wisconsin sealers. It was decided to form a state association of sealers and Dairy and Food Commissioner Weigle was authorized to name the organization committee. The principle aim of the new body will be to further helpful state legislation.

Six resolutions were unanimously adopted prior to adjournment. The first gave approval to the bill in congress requiring that flour, meal and commercial feedstuffs be sold only in standardized packages. The second approves federal standardization of barrels and fruit and berry boxes. The third recommends that all dry commodities be sold on the hundredweight basis. The fourth recommends action towards insuring the accuracy of gasoline and other measuring devices. The fifth pledged the support and cooperation of the sealers in the conservation of food. The sixth resolution was a vote of thanks to the state administration for its help in making the conference a success.

ONEIDA COUNTY HISTORY OF WAR

The State Council of Defense has appointed a committee to secure and preserve the war history of this county. This committee desires to secure and preserve the personal history of every man who has entered the national service during the war. Record cards are being printed, upon which the principal data concerning every man will be entered. These cards will be kept on file at the library, where also other interesting material will be kept. They desire also to secure a picture of every man, and snapshots and other pictures of interest. A filing case will be set apart for the preservation of letters from the soldiers. Where people desire to keep the original, a copy will be made and the original returned to the owner. Albums will be provided in which photographs, snapshots, and other pictures will be preserved in permanent form. In a short time a list of the soldiers who have gone from Oneida county will be published. Any one knowing of names omitted from this list will be earnestly urged to notify the committee. They desire to have this history as full and complete and as interesting as it can be made. No effort will be spared to secure this material. It is hoped that people having letters or pictures which are of interest, will keep them until they are called for, and that they will notify the committee of their willingness to loan or give them for this good cause. Members of the committee for Rhinelander are as follows: Mrs. A. W. Shelton, Mrs. B. R. Lewis, Miss Jessie Bingham, Miss Anne Oakley, F. A. Lowell, and W. P. Colburn. Members will be appointed for the other towns of the county, but the cooperation of every person in Oneida county is earnestly requested in the work of making this history of Oneida county's preparation and participation in this war a complete and interesting collection.

SHOWING TURNER TRACTOR

Oneida county farmers are invited to call at the Universal Garage, 113 Stevens Street and see the new Turner Simplicity Tractor. F. C. Tank has just taken the agency for this tractor which is rated to be one of the very best machines on the market for the medium sized farm. The Turner company is one of the oldest manufacturers of this type of tractors in the United States.

BRONSON MAY GO TO WAUKEGAN

Gus Bronson, agent for the American and Western Express companies in this city, has been offered the position of agent for the American Express company in Waukegan, Ill. This would mean a promotion over his present position and a substantial increase in salary. Waukegan is a city of 15,000 population on the Northwestern railroad just north of Chicago.

In speaking of the offer Mr. Bronson said that he is undecided whether or not he will accept. He has just purchased a home in Rhinelander and likes the city and its people. The prospect of more money, however, looks tempting, Mr. Bronson admits.

TO INSPECT NEW ROUTE SUNDAY

Postmaster Matt Stapleton has invited Rhinelander business men to accompany him over the proposed rural mail route on an inspection trip Sunday afternoon, leaving at 1 o'clock.

This route, as proposed, will run north from Rhinelander, on the east side of the Wisconsin river, to the thickly settled Burkhardt district and from there extend to Wabker's school and return via Black Oak Lake and across the Wisconsin river, on the McNaughton bridge, to the Newbold town hall and school, and thence south by the Lyons, McLaughlin and Asmundson farms to the paper mill.

This route is badly needed. On account of the large number of men who have left this county for army and navy service farm labor is naturally scarce, and farmers find it inconvenient to drive to Rhinelander for their mail and parcel post. The carrier on this route would leave Rhinelander at eight a. m. and return at 4:30 p. m., covering the distance of 26 miles in 8 1/2 hours. Mr. Stapleton is of the opinion that this should be a star route as it would prove of great advantage to the farmers in getting supplies and sending in their produce to the local market.

BARLEY FILM AT MAJESTIC MAY 10

One week from Friday night, May 10, a barley film will be run at the Majestic theatre by Mr. Zander. Mr. Zander will run this film free of charge in hopes of benefitting farmers who have been too busy to sow wheat or oats on a piece of land they would like to put in grain.

Barley can be sown in this county as late as May 25, and a good yield obtained. Barley is a good feed for both cattle and hogs and is the nearest substitute we have for corn. It is also a good money crop, as it yields much heavier than wheat. Barley does best on a fertile soil which contains plenty of humus.

The film Mr. Zander will run, will show the best methods of sowing, harvesting and threshing barley, as well as the treating and grading of the seed. Farmers should make it a point to see this film.

FIX DOCKMEN'S WAGES

The Northwestern and Soo railroads made a final wage scale for dockmen at Ashland Tuesday, which amounts to \$3 for the day and \$1 for the night shifts with time and a half overtime and double time for Sundays and holidays, with an eight-hour day. The conference was the fourth between the railroads and the workmen. The latter at first demanded \$3.50 for day work and \$5.75 for night. They demanded an eight-hour day because the government controls the railroads.

The Song Old Glory Sings

What is the song Old Glory sings
When the wind goes roaring by
And the banner born of valor flings
Itself against the sky?
Know you the song it rustles out
To the time beat of the breeze?
'Tis the blended chord of a battle shout
Caught up between the seas.

Amid the smoke it rose and clung
To the blazing Stripes and Stars,
And it is the call the flag gave tongue
When rent by shrapnel scars.
It ripples out when the wind is high
As it did in days long gone.
The flag careens to the bending sky
With its valiant shout "Come on!"

That is the song Old Glory sings
In the battle glare of noon,
And the breath of wild war trumpets rings
In this defiant tune.
The hoarse hurrah, the vibrant cheer,
Have been woven in its folds,
And the piercing, life note, shrill and clear,
Is in the song it holds.

What is the song Old Glory sings
When the breeze is soft and slow
And the banner curves and sways and swings,
All stately, to and fro?
Know you that song, all gentleness,
With its measures sweet and smooth,
When the old flag waves with a mild caress
In cadence made to soothe?

This is the song Old Glory sings
When its ripple slowly runs:
'Tis a song of peace on gentle wings,
A song of silent guns.
All joyful, too, that the stress is done
And the throbbing drumbeats cease;
'Tis a chant of victories long won,
A wondrous strain of peace.

LOCAL FISHERMEN WILL BE PASTOR ARE HAPPY NOW IN WESTERN CITY

Rhinelander disciples of Ike Walton are happy. The season for catching game fish in Wisconsin is now on. Already some good catches of pike have been brought to this city.

Ordinarily the law would permit the fishermen to catch only trout now. The game laws prescribe that bass, pike and "muskie" fishing is seasonable only after May 29. But, as a war measure the conservation commission was given power to change the date if in its judgment, the condition of food supply seemed to warrant. The commission believes that residents of the state should be allowed to catch other varieties than trout for use on the home table. Consequently the fishing of all kinds of game fish excepting bass and "muskies" is permissible. This privilege does not extend to non-resident anglers who must comply with the regulations on the statute books.

LITTLE GIRLS ARE FANCY KNITTERS

A beautiful patch work quilt, comprised of different colored knitted blocks, sewed together, is on exhibition at Miss Kate McRae's store. This quilt is the handiwork of the little ladies who compose the membership of the Red Cross Knitting Club. It will be sent to the soldiers.

The officers of the Red Cross Knitting Club are:
President, Elizabeth Kretlow.
Secretary, Florence Pierce.
Treasurer, Ruth Evans.

Rev. and Mrs. H. J. Madland and children were guests of Rev. and Mrs. J. A. Snartemo this week. They were on their way from Merrill to Hinthan, Mont., where Rev. Madland has accepted a call as pastor of the Norwegian Lutheran church. He preached his farewell sermon as pastor of Our Saviour's Lutheran church in Merrill last Sunday. At that time a service flag bearing twenty stars was unfurled.

Rev. Madland's departure from Merrill is deeply felt by the people of that city. He was well liked by the members of all denominations and endeared himself to those of his own congregation.

CASSIAN FARMERS TO RAISE CANE

Sixteen Cassian farmers at a meeting in their town Saturday agreed to plant sorghum cane as an experimental crop this year. Only a few acres will be devoted to the test. Timothy Hawkins, a prominent farmer of the town, will erect a small plant for grinding the cane.

W. D. Juday, county agricultural representative, attended the meeting and assured the farmers that he would secure the seed.

The experiment in Cassian will be watched with no little interest by farmers throughout the county. If sorghum cane can be produced in Oneida county successfully it may some day be an important crop here.

ALL BAKERS ARE ILL; NO BREAD

Rhinelander is today threatened with a bread famine. Clarence Kirk, John Belanger and William True, the three bakers who comprise the crew at Kirk's Bakery, are victims of old King Grippe. During their illness it has been necessary to close the ovens at the bakery and no bread is forthcoming. To temporarily relieve the situation bread has been shipped in from Green Bay, but not in sufficient quantity to supply the demand. The management of the bakery endeavored to obtain bread from Milwaukee, but was unsuccessful.

This is the first time since the establishment of Kirk's Bakery that such an unusual condition has existed. Everybody sick at one time. The two smiling young ladies, who wait on trade, remain on duty, but they have very little to sell.

LARGE RESERVOIR TO BE CREATED

The directors of the Wisconsin Valley Improvement company, at a meeting held Saturday afternoon in Wausau, decided to purchase the necessary lands, consisting of about 4,000 acres in the northwestern part of Lincoln county, for the purpose of developing a storage reservoir by building a dam across the mouth of Spirit river at Tomahawk. The dam will be located in Section 9, Township 31, Range 6 and will be sixteen feet in height. It will be constructed of concrete and stone and will have a retaining wall on the north.

A fifteen foot head of water can be raised by the proposed improvement, the reservoir extending west to Section 8, Town 31, Range 5, or a total length of six miles. The width of the reservoir will vary from several hundred feet to nearly a mile. The capacity of the reservoir will be 572,033,000 cubic feet. The present capacity of all the reservoirs of this company on the Wisconsin river is five billion cubic feet. Few of the reservoirs can be filled as quickly or to their ultimate capacity so readily as the proposed one and it is estimated that the actual storage increase available for powers at Tomahawk, Merrill and Wausau will be fifteen per cent in summer and fourteen per cent in winter.

The cost of the dam is estimated at \$15,000 while the total cost of lands, raising a highway north of the proposed dam, building a retaining wall and other necessary work, will be enormous. Work on the dam will probably begin next fall.—Merrill Herald.

DEWEY'S VICTORY 20 YEARS AGO

Twenty years ago May 7 there was something big doing in Rhinelander. In fact the city experienced one of the wildest nights in its history. It marked the celebration of Commodore Dewey's victory over the Spanish fleet in Manila bay. Blowing of whistles, ringing of bells, and the roar of cannon crackers made a racket which was deafening. Many men spent as high as ten dollars each for explosives alone. There was a monster parade and speeches by Judges McCormick and Alban, Attorney A. W. Shelton and Rev. G. H. Kemp.

A number gave vent to their patriotic emotions by indulging in liquid refreshments and the bartenders had no time to play "twenty-one." Rhinelander has had few demonstrations which could equal this one. "Them was the happy days."

PLAN BIG SEASON AT SUGAR CAMP

"Every thing looks favorable for a brisk business at Sugar Camp Resort this summer", said E. W. Knapp, one of the proprietors, Tuesday. "We have already received numerous requests for accommodations and expect a number of early guests, who will remain practically throughout the season."

Sugar Camp is one of the most popular resorts in this northern lake region. Large, clean, airy rooms, wholesome home cooking, plenty of fresh milk, butter and eggs are features of this resort, which appeal to the summer tourist. The fishing is the best to be found anywhere, the lakes being well stocked with muskellunge and pike.

HURLED FROM CAR; IS BADLY HURT

One broken arm, one broken rib and a painful cut in the head are the injuries sustained by Dell Mattoon when he was thrown out of an automobile near Merrill last Friday. The accident was due to a high board encountered by the car while it was going over a bridge. Dell was standing up in the tonneau putting on his overcoat when the jolt came and he was hurled with much force out of the machine. His companions, Earl Richards and Oscar Jacobson, hurried him to a Merrill hospital where his injuries were dressed. Dell returned home Saturday, accompanied by Mrs. Mattoon who was called to Merrill by the accident. It will be several weeks before he will again be in first class condition.

COMMUNITY HOUSE IS NEEDED HERE

Secretary Harstow of the Advancement Association is to leave for England to enter Y. M. C. A. work May 11. Mrs. Anna Moe will have charge of the office and it is the earnest wish of the Board of Directors that she may receive the hearty cooperation of every member of the association. Many things are to be accomplished by this cooperation and many things should be accomplished in the next year or so. A large number of soldiers will undoubtedly return home before another year rolls around who are crippled in some way or other, by this horrible war, and arrangements should be made to give them the vocational training that would refit them for new positions to render them independent for the balance of their lives. A community building, where these men can gather and where the public would have free access should be built in the near future. It may be called a Y. M. C. A. building or a community building.

ROOM FOR MORE IN RADIO CLASS

The class in Radio Telegraphy still meets in the high school building three nights a week, Monday, Tuesday, and Thursday. There are two instructors in charge and there is room for an additional number of registered men. Men in Class A, are urged to join this class and secure training in radio telegraphy. They are practically insured induction into this branch of the service when drafted if they reach a suitable degree of proficiency. Men who are interested may confer with S. H. Ashton or E. J. Slossen, the instructors, or W. P. Colburn, the director. The class will continue as long as there is a demand for it.

Chapter 16 of the City Ordinances of the City of Rhinelander is hereby amended to read:

Chapter 16

RELATING TO DOGS

Section 1. Every person in the City of Rhinelander and owning or having in his or her possession any dog, or any specimen of the canine species, shall hereafter pay into the City treasury annually, the sum of Two Dollars and fifty cents (\$2.50) for each and every dog and Five Dollars (\$5.00) for each and every slut. Upon presentation of the treasurer's receipt acknowledging the payment of the above sum for the purpose mentioned, the City Clerk shall issue to such person a license to keep such dog or slut, which license shall not be issued for less period than one year, to commence on the 15th day of July in each year and which person shall, upon procuring the license aforesaid,

dog pound and there safely kept for a period of 48 hours from the time of his capture, unless sooner released as hereinbefore provided. All dogs remaining in the pound for a period of 48 hours after the time of their capture shall be forthwith killed and disposed of by the dog officer. Any police officer or other person shall have the right to capture and deliver to the dog officer any dog found running at large or trespassing upon any grounds, public or private, within the city. The dog officer shall take such dogs so delivered to him and shall receive the same fee for impounding and disposing of them as for dogs caught and impounded by him. Any person whose dog has been impounded may release him by exhibiting and surrendering to the dog officer a receipt of the City Treasurer showing that the sum of Two Dollars (2.00) has been paid into the city treasury on account of the dog fund and in addition thereto, exhibiting to said officer a tag or receipt issued by the City Clerk showing that the license fee provided in Section 1 of this Ordinance has been paid, and demanding the return of his dog and proving to the dog officer his ownership of the dog claimed. Farmers, Attention!

The Government Is Begging You to Raise

Wheat

Wheat is very scarce still, but in order that we may send more flour to our Allies most of the mealless days have been cut out, so we can eat meat instead of wheat. Some varieties of wheat do not do well in this climate, but a number of Oneida county farmers have successfully raised wheat year after year.

We plan to have our flour mill in operation before fall, so there will be a sure market here

This appeal is not merely to our stockholders, but to every patriotic land owner in Oneida county. We have arranged with MR. JUDAY to handle all orders for seed at the lowest price obtainable, and we hope to secure orders for a carload. Please place your orders at once.

The city has at last waked up and is now bent on prosecuting people who loot its treasury. It is strange that Ex-City Treasurer Sutton slipped out of the clutches of the law with his big haul. Even yet many good citizens think that it is the duty of law abiding officials to bring about Sutton's arrest and conviction.

FRANCE PLEASES MONS. P. GASTON

Rhineland Boy In Letter Says Country Is Simply Wonderful

Paul J. Gaston, a popular Rhinelander boy now in France, writes the following letter to his friend, E. C. Sturdevant:

Somewhere in France.
My Dear E. C.:

Well, you know by this time, that we are somewhere in the realms of la Belle France, just where we are not allowed to state, but we are here all right, and doing nicely. We have an excellent back ground to work from. If we were close at hand I could give you a much more explicit meaning of the term back ground. As usual here, we are billeted in a small little hamlet of about 300 people; they are kind and very nice to us. They have lived here, or at least their ancestors have since the beginning of time almost, for the little town was built in the days of Caesar's conquest of Brittany. Many worthy soldiers have trodden the soil of this section, some have been victorious and some have returned home vanquished. If you read your history you will find that Caesar, Alexander the Great, Hannibal, Napoleon and Richard the Great traversed this part of the country in their expeditions and in the cause of humanity, but never has a people entered into a cause so worthy as the present one. That, which all good Americans claim is a just cause, and for the good of all humanity. We however know very little about conditions over here; we get a bulletin now and then, but the way everyone interprets the thing, the news might be considered a trifle vague. Elijah we have the nicest little hospital established in an old stone mansion built 100 years ago. Across the road is an old church bearing inscriptions of the year 1200; the cross on the church was made in the year 1200 and they have records for 100 and 110 years back. It certainly is a place of interest and they have buried soldiers of great distinction in their burying ground; there are wonderful roads in this country and we could make a great tour in the old Buick. I have never seen such roads, but they have been built for many years. They have no doctors in this town, so Dr. Benson, our dentist, looks after the ails of the natives and Dr. Schick looks after the usual ailments of the human race, and really I believe they like us because they come very often. We are very glad to do what we can for them, and what little we do for them is probably not very much after all.

E. C., I wish you could be here and see this country and know the history of it. I feel it and I feel it, but I can't tell you how it is. It is just simply wonderful. We don't know where we are, but I know that I will say that it is a wonderful place. I have never seen such roads, but they have been built for many years. They have no doctors in this town, so Dr. Benson, our dentist, looks after the ails of the natives and Dr. Schick looks after the usual ailments of the human race, and really I believe they like us because they come very often. We are very glad to do what we can for them, and what little we do for them is probably not very much after all.

NEW SYSTEM TO GET WAR MONEY

County Defense Council Decides To Adopt Kenosha Plan

The Kenosha system of securing money for all war purposes is to soon be put in force in this city and county. This was decided at a meeting of the Oneida County Defense Council Monday night. Another meeting of the council will be held tonight at which arrangements for the adoption of the system will be completed. It is hoped to have the plan in operation within two weeks, or in time to take care of the demand for Red Cross funds the latter part of this month.

With the Kenosha system all drives for funds for the Y. M. C. A., Red Cross, E. of C. and other war causes will be eliminated. This does not include Liberty Bond and War Saving Stamps which are investments for the benefit of the individual purchasers.

Under the plan all working people will agree to donate to the fund, which will be known as the "Oneida County Patriotic Fund," an amount equal to one hour of their weekly wage. All employers of labor will create a minimum of 2 percent of their monthly income. Business, professional men and farmers will also pledge themselves to give a certain amount each week or month to the fund.

With the adoption of this plan it is considered that at least 90 percent of the people in this city and county will be reached. This is a decided improvement over the campaign method of soliciting war funds. Few people can escape contributing their share and the burden is not thrown upon a small percentage of the population as has been the case in the past. All are placed on an equal basis and no one is expected to give more or less than is fair.

DEATH CALLS BABY SON

Mr. and Mrs. Alfred Hoag of Tripoli are mourning the loss of their infant son, aged two months and five days. The little one died April 27 at the home of Mrs. Hoag's parents, Mr. and Mrs. Frank Cole, in this city. The funeral was held Sunday afternoon, Rev. W. Wilson of the M. E. church officiating. The many friends in Rhinelander of Mr. and Mrs. Hoag regret very much to learn of their bereavement.

Otto Trezek and Carl Korzilius, two of the Oneida county drafted men from Three Lakes, arrived here late this afternoon. F. C. Binkley showed his patriotism by bringing the men over in his car.

PNEUMONIA TAKES LOUIS DIETRICH

The death of Louis Dietrich at his home, 1533 Randall Avenue, early Wednesday morning, came as a sad surprise to the gentleman's many friends in this city. Mr. Dietrich's illness was of such brief duration that few knew him to be sick. He was in bed only a few days with pneumonia.

Mr. Dietrich was a native of Dayton, Ohio, and was 43 years and 6 months of age. He is survived by his wife and one daughter, Miss Mabel. A son, Charles, died less than one year ago. Two sisters, Mrs. Thomas East and Mrs. J. Hogan of Columbus, Ohio, and one brother, John of Chicago, also survive.

Mr. Dietrich was employed in the furniture and second hand business at 24 N. Brown street. He was a good friend and citizen and will be greatly missed. In their affliction the family have the sympathy of the city.

The funeral will be held from the residence Friday afternoon. The Christian Science service will be conducted.

ALIEN ENEMY IS BEING HELD HERE

"I have served in the German army, in fact I have been an officer in the German army, I have my own opinion but I am not saying anything."

This remark, alleged to have been made by Adolph Sohrauer, traveling representative for C. Gotzian & Co., shoe dealers of St. Paul, while in Gary & Danielson's store last Thursday, resulted in an investigation by Chief of Police Straub, which developed that Sohrauer is a registered German alien and is traveling about the country without a permit even, Chief Straub wired the United States Marshall in Madison regarding Sohrauer and received instructions to hold the man pending further investigation. Sohrauer was arrested Friday night and is now in the county jail. Sohrauer is perhaps thirty-five years of age and, according to information furnished the officers, has resided in the United States about seven years. He registered as a German alien in the central police station, St. Paul, but failed to receive a permit to travel.

Sohrauer was reported to Chief Straub Thursday afternoon and was detained in the Hotel Oneida while awaiting orders from the government authorities. He became very indignant over his detention and demanded that the chief provide him with a permit. When arrested Friday night Sohrauer protested vigorously, but soon calmed down after being lodged behind bars.

Alex McEae of this city, claims that while on a Soo train a number of weeks ago he heard Sohrauer make statements which were entirely pro-German.

DRAFTED MEN GO TO CAMP GRANT

Large Crowd Observes Departure Of Oneida's First Contingent

Practically three-fourths of the population of Rhinelander and many people from throughout the county participated in the farewell demonstration accorded to Oneida county's first division of selected men Friday night. The men left for Camp Grant, Rockford, Ill., on 11:10 Northwestern train.

The men were escorted to the station by a parade, in which hundreds of patriotic citizens took part, including women and children. The parade formed at the court house and just before the march began each one of the drafted men was given a comfort kit, sweater and wristlets by the Red Cross. Mrs. E. G. Squier also presented each one with an appropriate book.

In the parade and at the station the Rhinelander City Band and life and drum corp furnished music.

The crowd assembled at the depot was as large as that which turned out to see Company L depart last July. The few minutes before train time were spent in bidding the men good bye. The men appeared in good spirits and seemed to be anxious to begin their journey. As the train slowly steamed away from the station the crowd broke loose in a rousing ovation.

Early in the evening the selected men were guests of the Oneida County Council of Defense at a banquet at the Hotel Oneida. Judge Charles F. Smith Jr. made an appropriate speech in which he paid homage to the departing contingent. Many pleasing selections were played by the Hazel Crawford orchestra.

Following the banquet many of the drafted men attended the Company L dance at the Armory.

The following are those who left here for Camp Grant:

DECLAMATORY CONTEST FRIDAY

(Contributed)

During the second half of the year, a great deal of attention is being paid to public speaking in grades and high school. In all of the older grades the work sent out by the State Council of Defense is being utilized. Junior Four Minute Men are preparing and giving talks in all of the upper grades and in some of the lower ones. In many cases, quite credible work is being done. The best speakers are allowed to visit other rooms and give their talks. Several from the Junior school will soon give their talks in the high school auditorium. The best speaker from each grade will be given a diploma and will receive recognition from the State Council of Defense.

Every pupil in the high school is appearing at least once before the assembly, either in debate, declamation, or four minute speech. Miss Jawort of the Junior school has charge of this work in the high school, and is giving her forenoon to it. On Monday of this week, the rhetoricals took the form of a debate on the question of the retention of the Philippines. The debaters were Fred Johnson, Joe Gauthier for the affirmative and Kyle Ashton, Gilbert Alvord for the negative. A jury of teachers gave the decision to the affirmative.

On Friday evening of this week will occur the first declamatory contest ever given in the new high school building. This contest has been planned and the people drilled by Miss Jawort. A small charge for admission will be made, the proceeds from which will be used for some

school purpose. The contest will begin at 7:30, and it is hoped that a large number of patrons of the school will attend.

CUSTER FARMER DIES

Alber Domaszek, a sufferer for a long period with cancer of the stomach, passed away at St. Michael's hospital Saturday morning at 8:20. He had been a patient at the hospital for the past eight days. Mr. Domaszek was born in Milwaukee on April 14, 1873, and was therefore 45 years of age. The deceased moved with his parents in his youth to Portage county. He was a resident of Custer at the time of his death. The funeral was conducted on Tuesday morning from the Catholic church at Poloma. The body was buried in the parish cemetery.—Stevens Point Gazette.

Deceased was a brother of Mrs. George Richard and J. Damask of this city. Mr. and Mrs. Richard and Mr. and Mrs. Damask attended the funeral.

LEAD IN THRIFT STAMP SALES

The sale of Thrift Stamps is proceeding merrily in the grades. In several of the schools War Savings Societies have been formed, and the children are making desperate efforts to secure a high record, both for the number of stamps owned and the number of owners in all of the grades. The first room to reach a hundred per cent Thrift Stamp owners is the sixth grade at the First Ward school, where Miss Alvina Emerson is the teacher. Every girl and boy in this grade owns one or more Thrift Stamps. Many of them have earned the money for this purchase themselves. The names of the pupils in this grade follows:

Esther Peterson, Irene Carpenter, Ruth Emerson, Esther Myrmed, Edna Carlson, Enar Carlson, Verna Moberg, Clarence Evenson, Morris Johnson, Alvina Boache, Vernon Hemmingson, Bernard Balson, Bernice Burbie, Clarence Balson, Raymond Ross, Mabel Shafer, Raysie Barnhart, Harry Gilbertson, Ruth Down, Irene Smith, Walter Wick, Grace Thompson, Vernon Morris, William Kaphaem, Theodore Berosia, Linnea Peterson, Clara Strangstad, Fred Carlson, Gladys Muffler, Edna Robertson, Rena Krucel, Archie Lindner, Verona Rinka, Helen Brown, Edna Van Court, Lila Plankey, Martin Blevins, Irene Young, Eileen Carpenter, Raymond Ordish, Dagmar Carlson, Alvin Thompson.

PELICAN LAKE

Last Friday night April 26, there was a spelling contest at the school house. The Enterprise, Jennings and Pelican schools took part. Before the contest an interesting program was rendered by pupils of the school. After the program there was a written contest consisting of fifty words. There were many perfect papers. As a result the pupils cut for the prize, the lucky ones being Maggie Jenkins of Enterprise and Inez McGinnis of Pelican. Following this the oral contest took place; thirty contestants standing on the floor. After spelling over an hour and a half eleven contestants were still standing and could not be spelled down on the contest words, so they again cut for prizes. William Heinke getting first and William Norton second. Miss Grace Lally supervising teacher pronounced the words for the contest Friday night.

Mr. and Mrs. Peter Palubaska and Mrs. Ed. Wolfgram were among those from out of town who attended the contest Friday night.

Miss Catherine McLaughlin went to Rhinelander Friday night to spend the week end at her home there.

Friday night thirteen of the drafted men of Forest county were in town on their way to Camp Grant at Rockford, Ill.

Miss Jeremiah Davies returned to Rhinelander Friday night after teaching here during her sister's absence.

Mr. and Mrs. James Mitchell of Pratt Junction were in town Monday evening.

Mrs. Emily Leutke was in town between trains Sunday.

Miss Mable Kearns went home Friday night to spend the week end.

Those numbered among the sick this week were Gladys Jensen, Lawrence Kennard, Francis Renpert, Gladys Neff, Phillip Guolee and George Banta.

Dr. Bailey of Elcho made a professional call at the Miner and Jansen homes Sunday.

Wright Lombard went to Maniwa Saturday night and returned Sunday.

CONTINUE NORMAL POTATO PLANTING

Many farmers of Oneida county are doubtful as to what shall be the extent of this season's potato acreage. To help make up their minds, we are printing a copy of a night letter received April 29 from Dean H. Russell who is at present on the National Food Administration Board. The letter is as follows:

It is generally true that large acreage of crops are followed by lower prices of products. The pendulum thus swings up and down. The large crop of potatoes this past season will doubtless make the mass of farmers hesitate to plant even normal acreage this spring. If potato acreage is radically reduced it is a most favorable time for Wisconsin farmers to continue their normal plantings where conditions are favorable. The great shortage of commercial fertilizers this year and their consequent high prices will in all probability materially reduce not only potato acreage but yield in southern states where such treatment is relied upon much more than in Wisconsin. Hence, this is a great fact should be kept in mind by our farmers who are the raising of legumes and live stock and dependent on commercial fertilizers for fertility.

(Signed) H. L. RUSSELL.

COMMITTED TO ASYLUM

Brooding over the war is believed to have deranged the mind of Adam Locke, a workman, who has been committed to the Northern Asylum at Winnebago. Locke is said to have made strong pro-German statements in Woodruff recently and his arrest resulted. Physicians found him to be insane.

William Haviland of Tripoli is in the city today on his way home from a business trip to Wausau. He says his son Claire, is now in training in Jefferson Barracks, Mo.

Every Few Days Send Him a pouch of Real GRAVELY Chewing Plug

Think of the welcome he will give it—this condensed plug of fine tobacco that slips flat into his pocket, ready to give him tobacco comfort and satisfaction anywhere, all the time!

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send the best! Ordinary plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELLY

Dealers all around here carry it in 10c pouches. A 3c stamp will put it into his hands in any Training Camp or Sessport of the U. S. A. Even "over there" a 3c stamp will take it to him. Your dealer will supply envelope and give you official directions how to address it.

MINOCQUA

(Minocqua Times)

Minocqua is again on the top, having received first honors in the League Oratorical Contest held at Merrill Friday, April 19. Earl Kennedy, repeating his success of last year, was awarded first place and Lester Jenkinson was awarded second place. Both boys represented the Minocqua high school. Earl delivered the oration "A Plea for Democracy," and Lester delivered the oration "Why We Are Fighting Germany."

John Deptala, recruiting officer in the employment of the French government, was in town Saturday recruiting men for the Polish army. Accompanied by J. A. Bosacki, and Steve Gwidt of Rhinelander, Mr. Deptala went to Stange's Camp 28, and induced three patriotic Poles to enlist, namely, Fred Lurinski, Joseph Prosswosk, and Joseph Pata.

The construction of B. O. Bassett's new garage was begun Friday. The building, which is to be made of brick with white cement trimmings, will be 50 feet by 120 feet, and will be one of the most up-to-date establishments of its kind in northern Wisconsin. The construction work is under the supervision of E. Hagen, mason contractor of Tomahawk. A. H. Hantz of Minocqua drew the plans.

Wasserburger's Garage and Boat Livery, formerly the Minocqua Boat Livery and Machine Company, is now open for business. R. C. Wasserburger of the Minocqua Outing Company, manager and proprietor of the new concern, needs no introduction to the people of Minocqua, having been a businessman of this place for many years. Richard will undoubtedly give satisfaction to his patrons.

Mr. and Mrs. Earl Schilling arrived home last Friday. Earl has signed up to enter the Medical Department of the U. S. Navy and is now awaiting his call.

Mr. and Mrs. Oscar Volk, who were united in marriage Wednesday, arrived in Minocqua to spend their honeymoon. Oscar will be remembered by many people of Minocqua having been employed at Dorwin's store about six years ago. He is a brother to Ben and Fred Volk of this place. Mr. and Mrs. Volk will make their future home at Barab where Oscar is in the employment of the Johnson Chemical Co.

CLEARWATERLAKE

Lawrence Stumper and wife of northern Michigan arrived in town last Friday to visit H. P. Hanson's family. Lawrence has been called to the colors in the second draft.

A farewell party was gotten up under the auspices of Mrs. Walter Murray, our dance leader's wife, through which 60 or 70 young people, married and single, met at the store Saturday night for the benefit of Carl Kennedy, who is called to leave in this second draft to fight for his country. Ice cream, cake and pop was served; a number of games were played, also special music was furnished by W. H. Ingle on the violin accompanied by Mrs. Walter Murray on the piano. It was an enjoyable time until about two o'clock in the morning. Mrs. Ernest Greenman returned

Dan Lee has left the farm and has accepted a job on the Federal Road near Rhinelander. Carl Lee has taken possession of the farm.

Arthur Kufner's baby was on the sick list the past week.

Sam Smith drove down from Minocqua in his car last week, and spent Saturday and Sunday with his daughter, Myrtle Smith.

STARKS

Starks is in it with other towns for we now have a 60 foot flag pole and Old Glory will fly.

A dance and patriotic box social will be held here Saturday, May 4. Every body come and have a good time.

WICKLOW

Forest fires have been raging thru this country the last week, but the rain Sunday quenched them all. Many acres of timber were destroyed by them.

The party who bought Louis Roods property arrived Saturday to take possession.

A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive tacks with a pile-driver—or piles with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock and meet the present war emergency by supplying, without interruption:

First—The U. S. soldiers and the Allies in Europe by shipping as much as 800 carloads of meat products in a single week!

Second—The cantonments in the United States.

Third—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request.

THE FUTURE

(By H. Peigh, Three Lakes, Wis.)

Kultur, Thou Vulture;
Brutal and mean,
Ruthless and reckless,
Uncouth and unclean.
To gratify thy ignorant pride,
Belgium, France side by side
Crushed, but unconquered
Till the world in pity cried
Aghast at thee.

Know thou, oh pitiless one,
That as Christ raised Lazarus
From the dead,
So shall a Nation come;
(A Nation of men, who with them fought)

A Nation of men by freedom bred)
To raise their cities from the dread
Ruin thou hast wrought.
When civilizations' rising sun
Shall find no slaughter
To fill thy foul intentines
Gaunt and hungered thou
Shall shun the light of day,
Despaired, forgotten
By a new mankind.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Rhinelander evidence—doubly proven.

Mrs. D. McIntyre, 833 Mason St., Rhinelander, gave the following statement November 2, 1910: "For years I have known that Doan's Kidney Pills are a reliable remedy, and I always recommend them. My kidneys were weak and inactive and I was bothered with severe backaches and dizzy spells. I was very nervous at times, also. Mornings I would arise feeling more tired than when I went to bed. I tried Doan's Kidney Pills and in a short time they gave me complete relief. The tired feeling disappeared and all signs of kidney trouble went with it."

On January 18, 1918, Mrs. McIntyre said: "Doan's Kidney Pills gave me a complete cure from kidney trouble some years ago. I am glad to say I haven't had any trouble since. I confirm my previous endorsements for Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McIntyre had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

ROAD TO HAPPINESS

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the county of Oneida, Wis., to be held at Rhinelander and Tomahawk on May 11, 1918 to fill the position of rural carrier at Rhinelander and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at the earliest practicable date.

During the continuance of the present war the Commission will in accordance with the request of the Post Office Department, admit women to rural carrier examinations upon the same conditions as men.

UNLUCKY "SECONDS"

Some curious facts on which we'd not reckon
Are found in the history of Monarchs "The Seconds!"
In Great Britain, the last of the Saxon Kings
Was Harold "The Second" who fell at Hastings!
King Edward "The Second" was murdered in jail,
By a trick of his wife—and so runs the tale—
King Richard "The Second" was, sad to relate,
The victim, likewise, of a similar fate!
King William "The Second" was also cut down,
Charles "The Second" his brother was felled de se,
For he killed himself by his debauchery!
Alexander "The Second" of Russia was blown
To atoms by nihilist bombs, be it known!
Bavaria's Louis "The Second" was drowned,
Napoleon "The Second" of France was strangled, they tell!
James "The Second" of Scotland, on the battlefield fell!
Czar Nicholas "The Second" his kingdom has lost,
Like A. Hamid "The Second" he's counting the cost!
King Manuel "The Second" is deprived of his throne,
And, Kaiser Wilhelm "The Second" will soon "get his own!"

BEST REMEDY FOR WHOOPING COUGH

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup. All Dealers.

Swedish Luth. Superior Conference Adopts Strong War Resolutions

At the closing business session Saturday afternoon of the annual meeting of the Superior Conference of the Augustana Synod of the Swedish church which was held in Norway last week, strong resolutions addressed to President Wilson, were adopted pledging unswerving support to the Government in its war program, and pledging lives and resources in the fight for the preservation of democracy. A resolution of rejoicing because of dry Michigan was also adopted. Rev. C. A. Lund was re-elected as president of the Conference for the ensuing year.

The following are the resolutions adopted:

"To the Hon. Woodrow Wilson, President of the United States of America:

"We, the members of the Superior Conference of the Evangelical Lutheran Augustana Synod, assembled in annual session, desire to express to you our sincere faith and true loyalty to the principles of democracy conceived in the minds of the patriotic forefathers of the Revolution. As a Christian body of citizens we stand ready in the hour of need, to offer our material resources and, if necessary, our lives, in order that the privileges of freedom which we enjoy may be transmitted and preserved to our children, and our children's children.

"We dedicate ourselves to the cause of true economy in properly strengthening our resources in man power and eliminating all national waste, hence, we urge upon you to do all within the realm of your power to curb the liquor traffic in order that food materials thus wasted might be used toward an effectual prosecution of the war. We affirm the conviction of the Hon. Lloyd George of England that 'the greatest enemies of England are Austria, Germany and Drink and that the greatest of these is Drink' can also be applied to the U. S. A.

"In the interest of a better army and navy, and for conservation of food, we plead with you for national prohibition as a war measure.

"We raise our voices in prayer to the Omnipotent God, that He may guide and direct you and all in authority and give victory to our arms and hasten the day of an abiding and permanent peace for all peoples.

Rev. C. A. Lund,
President Superior Conference.
Rev. Augusta Nelson,
Secretary.

Norway, Mich., April 27, 1918.

"We, Northern Michigan and Wisconsin Lutherans of the Superior Conference of the Augustana Synod in annual convention assembled, rejoice and praise Almighty God that the doom of the accursed liquor traffic, and the hour of deliverance, is at hand for all the citizens of the State of Michigan. May 1st, 1918, will become forever a historic day of great pride for state and nation.

"We call upon all our people to rejoice exceedingly over this dearly-acquired liberty and emancipation and to guard with ever watchful and unswerving loyalty and zeal this precious liberation, by opposing and thwarting every effort to modify or weaken our constitutional amendment, touching the expulsion of the liquor traffic.

"We further call upon all our people to support only such candidates for legislative, state and national offices, who are committed to the speedy ratification and adoption of the National Prohibition Amendment. We rejoice over the victories gained in the state of Wisconsin and hereby pledge our continued, loyal support of the Anti Saloon League work in the state and nation.

METHODIST EPISCOPAL

Sunday School at 10 o'clock. Adult classes at the same time. Morning service at 11 o'clock. Subject: "The Music of Sacrifice." Epworth League at 7:15. Leader, Miss Gertrude Bruchlacher. At 8 o'clock the pastor will give a patriotic address on "The Fighting Spirit or Moral Invincible." Every man is invited to come and show his patriotism. Prayer meeting at 8 o'clock on Thursday evening. You are cordially invited to attend these services.

It is deplorable, but nevertheless true, that there are men who think it savors of effeminacy to be seen in church. These men should awaken to the error of their ways. The really strong men, the men of the nation, are constant church goers. They rarely miss a Sunday.

On one occasion a great composer was accorded a magnificent ovation. They cheered him for fully five minutes. It was enough to turn any man's head. Then they cried for a speech. The composer faced the multitude of admirers and said: "What doth it profit a man to Gain the Whole World and Lose His Own Soul?" That was all. The audience knew the deep religion of the man and grasped the significance of his remarks. They did not think this man effeminate. He was big enough to proclaim publicly his faith in God and a hereafter. It is the weak man rather than the strong man, who, while professing a belief, in God, remains away from the church. If you believe in God, practice your belief by going to church. Don't delay. Start in next Sunday.

WISCONSIN DISLOYAL?

(Speech at Minocqua by Attorney George M. Sheldon of Tomahawk)
Wisconsin is disloyal! So say the newspapers. "Wisconsin has the reputation of being disloyal, and in politics reputation is the same as character," says the Vice President of the United States.

That Wisconsin is disloyal, is the basest calumny, spread by politicians for political purposes. That may be hard to believe, and yet to prove the truth of the statement, note how reluctant certain people and interests are that the contrary may be shown.

"Wisconsin is disloyal?" Since when has Wisconsin been disloyal? Was she disloyal in the Civil War? Do not the graves which dot the southern hillsides and the records of our gallant soldiers testify the truth?

Was she disloyal in the Spanish-American War? Are the names of Fairchild, Bragg, McArthur and the countless Wisconsin patriots associated with disloyalty?

What are the facts? Beginning shortly before 1850 immigrants from Germany began to come to the United States, not only to improve their economic conditions but especially to escape involuntary military service.

These men and women settled largely in Wisconsin and surrounding states, which was then our great frontier. They have been peaceful, law-abiding, industrious citizens.

Naturally friends were left beyond the seas, and especially as they were not expected to return, it is not unnatural that their thoughts would turn at times to their former homes. "Breathes there the man with soul so dead

Who never to himself hath said,
This is my own, my native land?"

Being strangers in a strange land, and unacquainted with its customs and the habits of its people, isolated in a degree because of their unfamiliarity with our language, they appeared of necessity to be clannish and self centered.

They soon came under the longing eye of the politician. Efforts were made by the managers of the great

political parties to get the "German vote," and to get it en masse. To please these people the politicians vied with each other in offering blandishments and endowments to become Republican or Democratic. Is it any wonder that they soon began to feel their importance? Campaigns like the "little red school house" campaigns of the early nineties were carried on, and the German vote became a tremendous factor.

It is hard to believe; we can scarcely be expected to believe that these, that any large percentage of these people, who came to the shores of America largely to avoid military domination, who have sworn to abjure all fealty and allegiance to their home country, can at this time be other than loyal to their adopted mother.

And let us be charitable and not too quick to judge the motives of our neighbors. Intolerance has often driven would be friends into opposition.

Let us keep the fact in mind that our failure to enter the war when humanity demanded, had done more than any one thing to solidify pro-German sentiment. Was it not natural that the man of German blood should sympathize with his kin across the sea so long as the stars and stripes was not in the conflict? And did not his sympathies increase as time went by and our leaders saw no necessity of fighting the battles of humanity and freedom so long as our own country was not too foully dealt with?

Had we entered the war when the world rang with the groans of stricken Belgium, or even when the Lusitania was sunk, pro-German sentiment would not be the problem it now is.

We cannot impugn the motives of a whole class of our citizens without reaping the whirlwind. However loyal we may be, let us not imagine that we may propose men for office and command others to vote for them under the threat that those who do

not will be charged with disloyalty. "Anti-war socialism can be stopped by arguments not threats, by facts and not by the use of clubs."

That there are some disloyal citizens of German birth and parentage there can be no doubt. For such, words fail me in attempting to express my contempt. With you my loyal friends must be left the solution of the questions as to what to do with such as he. For the present the only counsel I can offer is to shun him. Shun him as you would the plague.

To you my disloyal neighbor, let me in a friendly spirit offer a word of counsel. Beware! Wake not the sleeping giant! When our boys come back again and live over again with us those horrors which have been seared into their very souls, this nation will awaken as it has never been, and then, and then Teutonism and all it stands for will be trampled under foot as ruthlessly as the German armies have trampled upon the most sacred rights of all mankind.

Wisconsin Disloyal? Is she disloyal? Was it not the Badger state which organized the first state Council of Defense? Did not Wisconsin send to the front the finest body of National guard in the Union? Is a state disloyal which furnished more than its quota of voluntary enlistments? Which went over the top in the Liberty Loan, the Y. M. C. A., and Red Cross drives? Is she the state disloyal when every fifteenth man in France is from Wisconsin?

Is Wisconsin disloyal? Is the great University of Wisconsin—The University classed by foreign observers as among the very finest in the world—is she disloyal because a politician Assistant Secretary of Agriculture says she is? Is the University—our University—disloyal when it has represented at the front and in other work approximately one third of its instructional force? Is the student body disloyal which has taken the oath:

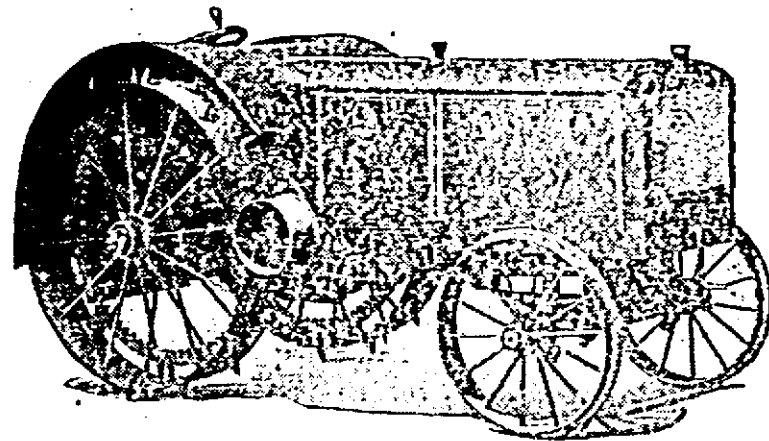

"As the good God in heaven hears me I dedicate my life and all that there is in it to the cause we believe is God's cause and will stay in it until I go under or the cause is won?"

What is loyalty? Who is the loyal citizen? Is it sufficient that we say either in public or in private "Damn the Dutch?" Hardly! The loyal citizen is he who supports our country. The disloyal man is the one who in act, deed, or thought gives aid or comfort to the enemy. More than that, the man is disloyal who at this time, when the world is on fire, when right trembles in the balance, is merely passive. Do not be deceived. The most dangerous is he who is secretly against us but who is vociferous in professions of loyalty. Beware of the man who "doth protest too much!"

Who is the loyal citizen? Let us ask ourselves the question. Do we claim descent from the Pilgrims of the Mayflower? Does our wife work at the Red Cross rooms, and have we a Red Cross emblem or a Hoover card in the window? Then indeed we are loyal! We are burning with patriotic fervor!

But seriously, have I made a true income tax return? Have I contributed to the Red Cross, the Y. M. C. A., the Knights of Columbus until it hurts?

Have I raised a pound of food?

Solve Your Labor Problem with the

TURNER Simplicity TRACTOR

FARM labor has never been as high-priced and hard to get as it is this year. But don't let that keep you from raising bumper crops. Put a Turner Simplicity Tractor at work—that's the answer to your labor problem. Use it for plowing, harvesting, hauling and the many power jobs on the farm.

It's an all-around power plant. Adapted to farms of average size. Kerosene or gasoline. Powerful, yet light, therefore economical. Simple control, practically all working parts run in a bath of oil and are enclosed in dust-proof cases. Standard design—proved efficiency. Has the same dependable qualities that have made the Simplicity Farm Engine famous.

Let us tell you more about this excellent Tractor.
Call and see it on our floor.

Have I encouraged the boys of the "Home Guard?" Have I encouraged the Thrift Stamp Campaign? What have I done in the War Garden Work? Have I reported to the Federal authorities the seditious statements I have talked so much about? Have I done my bit in keeping the disloyal from public office? Have I assisted in closing the pro-German doggered saloon which was used so long as a meeting place for the pro-German agitators? Have I contributed a son for "over there?" If I have done none of these—and these specific things are by no means all inclusive—have I done the best I could in my position in life? If I have, even though my efforts are inconspicuous, my country can ask no more.

REACHES AGE OF NINETY-TWO YEARS

Funeral services were held this afternoon for Mrs. Hannah B. Albright who passed away at 3:30 a. m. Saturday at the home of her daughter, Mrs. R. C. Hull, 1101 Fifth Avenue. The services were conducted at the home at 2:30 o'clock, the Rev. S. J. Tink officiating. Interment was made in the old cemetery. Mrs. Albright is survived by a son, W. E. Albright, and three daughters, Mrs. R. C. Hull and Mrs. G. W. Crandell, who reside in this city and Mrs. R. A. Riek of Rhinelander. Among those from out of town

who attended the services were: Mrs. Elizabeth Roberts, a sister-in-law and Mrs. R. A. Riek of Rhinelander; Harry Albright a nephew, of Neilsville; George Daggett a grandson and Mrs. K. Anderson, a granddaughter, both of Bear Creek. Mrs. K. Otis, a granddaughter of Ashland; Mrs. Ida Brezette and son, Robert of Clinton, Ia. A complete obituary will appear in a later issue of the Journal.—Monday's Antigo Journal.
